- > Estimated RFP date: FY 2010
- > Project: GRC Front Gate Security Enhancements
- > Estimated RFP date: FY 2010
- ➤ Project: Financial Analysis & Business Support Services
- Estimated RFP date: FY 2010

## **Doing Business with Businesses**

#### Doing business with Small Business

- Issues and Concerns
  - ➤ Challenges in increasing opportunities for SDVOSB
  - Challenges in fulfilling recurring requirements via the 8(a) program
- > GRC's dealing with Small Business JVs and Teaming
  - ➤ Teaming strongly encouraged. Majority of on-site support service contracts consist of teams with SB primes
  - ➤ Limited JV experience has been positive (PBOSG)
  - ➤ JV Past Performance issues evaluation of experience in teaming, previous teaming/JV with proposed partner, and experience in managing major subcontractors

## Doing business with Large Business

➤ Issue and Concerns – SB Subcontracting Plan goals & performance

# Center Specific Issues, Initiatives, and Highlights

GRC specific issues, initiatives, and highlights relative to Small Business.

- Exceeded all of its small business socioeconomic procurement goals for prime awards for FY08.
- Awarded three-year, \$33 million contract for the Plum Brook Station Reactor Facility Decommissioning. This was competitive SDVOSB set-aside procurement.
- Targeting "new" requirements to SDVOSB to the maximum extent practicable.
- The Diversity Center of Northeast Ohio awarded GRC a "Best in Class" for diversity which reflected both staff and supplier diversity efforts.
